

PRIMARY STRATEGY for CHANGE

CONSULTATION – 4 - 31 July 2008

The government has said that it will give Sunderland more than £10 million over the next two years, and more in the future, if we set out how we would spend the money to provide new and improved school buildings for primary children and their families. Our plans must include money already given directly to schools and the local authority. Following the consultation meetings we held in May 2008, we have put together a draft Primary Strategy for Change for Sunderland and would now like your views on it.

Your views are very important to us in helping to plan for the future so please give us comments by 31 July 2008
